Dr. Valentín Fuster, awarded for his social commitment as a disseminator and promoter of healty habits among the population

26/01/2022

Dr. Valentín Fuster received the CEU Ángel Herrera award in the Ethics and Values category, from the San Pablo CEU University Foundation. The Foundation hands him this award for his social commitment as a disseminator, attending to the need of promoting healthy habits with the aim of improving the overall health of the population.

The jury has also highlighted his relevant contributions to cardiovascular medicine throughout his extensive scientific career, which have made him the most cited Spanish researcher in history.
