Eight Top High School Students in Spain Join CNIC's ACÉRCATE Program

22/07/2024

Eight high school students from across Spain participated in CNIC's ACÉRCATE program, part of the CNIC-Joven Training Plan led by Dr. Valentín Fuster. This program, aimed at fostering young talent in cardiovascular research, selected five female and three male students from over 50 candidates hailing from regions such as Catalonia, Murcia, Castile and León, Valencia, and Andalusia.
