Women As One invites Dr Borja Ibáñez to join its Board of Directors

28/10/2025

The non-profit organisation Women As One, dedicated to promoting female talent in medicine, has invited Dr Borja Ibáñez, scientific director of the CNIC, cardiologist at the Jiménez Díaz University Hospital and group leader at the CIBER for cardiovascular diseases (CIBERCV), to join its Board of Directors for the period 2026–2027.

Women As One is a non-profit organization, founded in 2019 by Dr. Marie-Claude Morice and Roxana Mehran, dedicated to promoting talent in medicine by providing women physicians with unique professional opportunities. Their work focuses on amplifying women's voices and work, strengthening professional pathways through training, funding, and mentorship, and supporting external organizations in advancing their gender diversity goals.

The Board of Directors is charged with guiding the organization's overall direction, ensuring fiscal responsibility, and advising and supporting its strategic growth.

'His experience and commitment to equity in medicine make him an exceptional candidate to join this group,' say Dr Marie-Claude Morice and Dr Roxana Mehran.

"We would be honored to have you join us at this important stage of our development. With ambitious goals set for the coming years, we are confident that your contributions would play a vital role in advancing our mission".
