
The second Competitive Call for Unique Infrastructures of the Distributed Biomedical Imaging Network (ReDIB) for 2026 is now open

01/10/2026

The Distributed Biomedical Imaging Network (ReDIB) has launched the Second 2026 Call for Competitive Open Access to ReDIB's Unique Scientific and Technical Infrastructures (ICTS).

The deadline for submitting applications is **October 31, 2026**. Applications must be submitted via the [ReDIB website](#).

ReDIB offers competitive open access to researchers working in public or private sector R&D institutions. Access is open to both the national and international scientific communities.

This call offers the scientific community access to advanced clinical and preclinical biomedical imaging infrastructures, with the support of expert staff at the various nodes of the network. Its aim is to promote high-quality research, fostering innovation and scientific collaboration.

All information regarding the application process, evaluation criteria and technical requirements is available here: <https://portal.redib.net/calls/2/>
