

## **New call: PhD positions at CNIC with “La Caixa” - INPhINIT fellowship programme**

17/11/2017

The CNIC as a “Severo Ochoa Centre of Excellence” is a hosting research centre within the INPhINIT “la Caixa” Fellowships Programme. The Centre is searching talented and highly motivated Early-Stage Researchers to carry out 24 research projects in the cardiovascular field.

### [“la Caixa” Fellowship Programme](#)

INPhINIT aims to revolutionise European doctoral training in terms of quality, excellence of researchers, benefits package and expected impact.

Invest in your talent with INPhINIT and change history!

Highlights of the 2018 INPhINIT Programme:

- 57 fellowships at Spanish Research Centres of Excellence.
- 3-year doctoral employment contract.
- Personal development career plan.

At the time of recruitment, candidates must have completed a degree that gives access to doctoral studies at Spanish Universities.

To be eligible, candidates must:

- Be in the first four years (full-time equivalent research experience) of their research careers and not yet have been awarded a doctoral degree.
- Not have resided or carried out their main activity (work, studies, etc.) in Spain for more than 12 months in the 3 years immediately prior to the recruitment date. Short stays such as holidays will not be taken into account.
- Have a demonstrable level of English (B2 or higher).
- 57 fellowships at Spanish Research Centres of Excellence
- 3-year doctoral employment contract
- Personal development career plan

At the time of recruitment, candidates must comply with one of the following options:

- To have completed the studies that lead to an official Spanish (or from another country of the European Higher Education Area) university degree awarding 300 ECTS credits, of which at least 60 ECTS credits must correspond to master level.
- To have completed a degree in a non-Spanish university not adapted to the European Higher Education Area that gives access to doctoral studies. The verification of an equivalent level of studies to the ones mentioned above will be made by the university when the admission procedure starts.

To be eligible, candidates must:

- Be in the first four years (full-time equivalent research experience) of their research careers and not yet have been awarded a doctoral degree.
- Not have resided or carried out their main activity (work, studies, etc.) in Spain for more than 12 months in the 3 years immediately prior to the recruitment date. Short stays such as holidays will not be taken into account.
- Have a demonstrable level of English (B2 or higher).
