

Predoctoral position (2022 FPI call)

Dr. Mercedes Ricote's lab is looking for enthusiastic and highly motivated candidates interested in developing a thesis project in her lab. This position will be funded through a FPI predoctoral fellowship linked to the project entitled: "Control transcripcional y epigenético del desarrollo de los macrófagos residentes en tejidos: papel del nicho (MacNich)" (PID2021-122552OB-I00)

Detailed information of the group can be found at:

Nuclear receptor signaling group

<http://www.cnice.es/en/desarrollo/receptoresnucleares/index.php>

DESIRED PROFILE:

- University and master Degree in life or biomedical sciences
- An academic record above 7.5 (scale 1-10)
- Solid communication skills in English
- Previous research experience in molecular biology and mouse models will be valued
- Additional experience in genomics and/or bioinformatics analysis will be a plus (R and/or Python language)

Interested applicants should submit a cover letter, CV, and academic grades by e-mail (acipres@cnice.es)

Please indicate the name of your master's supervisor on the CV
