Results of the selection process
Second evaluation report of the 2026 CICERONE CALL

Following the review of the CVs and qualifications of the candidates admitted to the selection process for the CICERONE positions, the Evaluation Committees of each research line hereby publish the results of the merit-based assessment. The withdrawals of several candidates have been taken into account, and the corresponding positions have been offered to the next highest-ranked candidates in each research line. Candidates who declined their positions are explicitly identified in the corresponding research line.

CANDIDATES SELECTED FOR THIS LINE:

- (1904) Irene Martínez García
- (1933) Alba Soto Fuertes

* Following the withdrawal of candidate 1858, the position has been offered to alternate candidates.

**1957 was selected in L15. As candidates 1933 and 1936 obtained identical scores in the evaluation, their overall grade point averages of the degree and master studies, as reported in their applications, were compared and used as a tiebreaking criterion.

CANDIDATE SELECTED FOR THIS LINE:

The candidate with the highest score (1904) was selected in Line 4.

Following the resignations of candidates 1856 and 1843, this Research Line has been declared vacant, as none of the remaining candidates achieved the minimum required score. In accordance with the call and ranking established following the revision of academic records, this vacancy was offered to candidates in Research Line 4 within the same research group.
