

CNIC INTERNATIONAL PhD PROGRAMME "la Caixa"- Severo Ochoa 2013 CALL

Selection Results First Call

In this call the CNIC received 52 applications 17 of which were ineligible.

All 35 eligible ones were evaluated by the CNIC Research Committee according to the criteria explained in the call regulations (academic record, publications in MedLine-listed journals and previous research experience). Based on these criteria, the Committee pre-selected 10 candidates.

The 10 preselected candidates were interviewed by the Selection Committee consisting of senior group leaders, representatives of the CNIC Research Departments:

- Dr. Vicente Andrés (Epidemiology, Atherothrombosis and Imaging Department)
- Dr. Almudena R. Ramiro (Vascular Biology and Inflammation Department)
- Dr. José Antonio Rodríguez (Cardiovascular Development and Repair Department)

Based on this evaluation and selection process, **the CNIC has selected the following 5 candidates to be awarded a fellowship within this programme:**
